

MONTGOMERY COUNTY
MOTOROLA APX PORTABLE RADIO QUICK USERS GUIDE-PROFILE

To reach the **Prfl** (Profile) tab press the right arrow once.

Select **Prfl** button to display available options.

Profile Options:

No Disp Light (No Display Light): The display lights will only turn on when buttons are pressed on the radio.

Disp Light On (Display Light On): The display lights will remain at a constant dimmer state.

Surveillance: Will silence all sounds and display lights will not activate at all.

Loud Audio: Makes all audio on the radio louder and the display lights will turn on when button are pressed on the radio.

Important Reminders

- **ONE** of these options must always be in use (the most common is **No Disp Light**)
- Two of the features cannot be used at the same time
