

BENCH DONATIONS FOR PARKS & TRAILS

The Division of Parks, Trails & Historic Sites accepts bench donations on a case-by-case basis. Each Region Manager decides if they have locations that are available and appropriate, for public use.

BENCHES & PLAQUES

Benches are ONLY ordered two times each year-September and March. It normally takes 4-6 weeks from when a bench is ordered until it is actually installed.

All benches are 6' in length, cedar-colored and made from recycled lumber. All plaques are bronze metal and are approximately 10" long x 3 ½" high. Donors provide appropriate wording for plaques and then will be sent a proof for review and approval. Montgomery County is not responsible to replace any plaques that may be damaged or stolen. No flowers, shrubs or other decorations are permitted with the bench, without prior approval from the Region Manager.
